LUKOIL PRESENTS ENVIRONMENTAL SAFETY PROGRAM FOR 2009-2013 AND FORECAST UNTIL 2017 FOR THE NORTHWESTERN FEDERAL DISTRICT

LUKOIL presented a draft of "Environmental Safety Program for 2009-2013 and Forecast until 2017" in Syktyvkar yesterday.

The Program is aimed at improving the environmental management system and minimizing the negative environmental impact caused by the Company's operations.

The Program includes activities aimed at utilization of oil and associated gas, realization of the Kyoto Protocol mechanisms, production enhancement of environmentally friendly Euro 4 and Euro 5 compliant fuel, ensuring the environmental impact is within the requirements of the national and international legislation.

LUKOIL Group Environmental Safety Program for 2009-2013 includes 494 activities totaling RUR 57.5 billion.

Estimates of LUKOIL experts suggest that the economic effect of the program implementation may come to over RUR 12 billion.

The following enterprises of the Company operate in the Northwestern Federal District: OOO LUKOIL-Komi, OOO LUKOIL - Naryanmarneftegas, OOO LUKOIL-Ukhtaneftepererabotka, OOO LUKOIL-Severnefteprodukt, OOO LUKOIL-Severozapadnefteprodukt, OAO RPK-Vysotsk LUKOIL-II, OOO Varandey Terminal, OOO LUKOIL-Kaliningradmorneft.

The amount of financing for the "Environmental Safety Program for 2009- 2013" in the Northwestern Federal District is expected to come to about RUR 9.2 billion.

The following objectives are expected to be achieved upon the Program implementation in the Northwestern Federal District:

• A 161 thousand ton cut of pollutant emissions into the atmosphere;

• Water consumption decrease by 1 million cubic meters;

Press Centre PJSC "LUKOIL"

E-mail: media@lukoil.com

• A 3.2 thousand ton cut of pollutant sewage discharge;

• Rehabilitation of 1,852 hectares of disturbed and contaminated lands.

The economic effect to be achieved upon program implementation in the Northwestern Federal District may come to over RUR 910 million.

LUKOIL intends to present the "Environmental Safety Program of the LUKOIL Group organizations for 2009-2013 and the Forecast until 2017" draft by the end of 2008 to the representatives of government organizations, the general public and mass media in all federal districts of the Russian Federation where the Company operates. Thus, for the Volga Federal District the Program was presented in Perm on November 12, 2008.

Presentation of the Program for the Urals Federal District will take place in Khanty-Mansiysk on November 27-28, 2008, for the Southern Federal District – in Volgograd on December 4, 2008, for the Central Federal District – in Moscow on December 15-19, 2008.

Forward-looking Statements

Some statements of this press release and assessments of target figures are not historical facts, but rather represent expectations or forecasts of future events. Such terms as "consider", "anticipate", "expect", "suppose", "intend", "plan" and other words with similar meaning are intended to identify forward-looking statements. By their very nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks exist that the predictions, forecasts, projections and other forward-looking statements will not be achieved. One should be aware that a number of important factors could cause actual results to differ significantly from the plans, objectives, expectations, estimates and intentions expressed in such forward-looking statements regarding the future. Such factors include inflation, interest and exchange rate fluctuations, oil price, political impact of the Russian Government and changes ensuing from it, influence of competition in regions of the Company's presence and areas of the Company's business activities etc. The above-indicated list of factors is far from exhaustive. When relying on forward-looking statements, you should carefully consider the foregoing factors and other uncertainties and events, especially in light of the political, economic, social and legal environment in which the Group operates. Such forward-looking statements speak only as of the date on which they are published. Given the unconditional observance of all standing obligations imposed on OAO LUKOIL by the UK Listing Authority, the Company shall not undertake to update or revise any of them, whether as a result of new information, future events or otherwise. OAO LUKOIL does not make any representation, warranty or

prediction that the results anticipated by such forward looking statements will be achieved, and such forward-looking statements represent, in each case, only one of the many possible scenarios and should not be viewed as the most likely or standard scenario.
