LUKOIL WINS PRESTIGIOUS INTERNATIONAL AWARD FOR ECO SAFETY

LUKOIL has received a highest international award, “Environmental Tree”, for its special contribution to the environmental safety of the Russian Federation.

This way the public recognized the company’s contributions towards cutting the negative impact of its fuel-and-energy facilities on the environment.

LUKOIL’s advanced standards help it ensure a high level of environmental safety of its operations both onshore and offshore.

All LUKOIL-manufactured fuel fully complies with the Euro-4 and Euro-5 standards.

Underway now are projects aimed to reduce the greenhouse-gas emissions, maintain biodiversity and utilize renewable energy resources.

A corporate environmental-safety program, worth more than USD 4 billion, has been developed.
