LUKOIL COOPERATES WITH MAN TRUCK & BUS RUS

OOO LLK-International (a wholly-owned subsidiary of OAO LUKOIL) will supply LUKOIL-branded lubricants to the assembly facility and the service centers of OOO MAN Truck & Bus RUS. The lubes will be used in trucks and buses of the MAN and NEOPLAN brands manufactured and serviced here.

“Cooperation with MAN Truck & Bus RUS is an important stage in the implementation of an OAO LUKOIL program of import substitution for lubricants. Cooperation with the Russian office of Germany’s leading auto group will considerably strengthen the positions of OOO LLK-International in the lube markets both in Russia and internationally, thus helping to achieve a whole new level of interaction with the global carmaker”, Maksim Donde, General Director of OOO LLK-International, commented.
