LUKOIL CONTINUES TO PROVIDE MEDICAL SUPPORT TO YUGRA

The municipal hospital of Kogalym, Khanty-Mansi Autonomous District – Yugra, received a consignment of personal protective equipment for medical staff, purchased by LUKOIL as part of the agreement between the company and the Government of Yugra, concluded to prevent the spread of coronavirus disease.

The company purchased nine thousand high-level protection coveralls, preventing penetration of particularly dangerous solid particles, liquid chemicals and biological agents, three thousand single use suits, four thousand high-class filter facepiece respirators worn at high levels of exposure to especially dangerous infections, including nonspecific pneumonia, five hundred goggles with panoramic protective glass.

The consignment of personal protective equipment for Kogalym's municipal hospital consists of ninety five thousand single use disposable face masks, thirty five thousand medical overalls and six thousand overshoes.

As part of the anti-COVID19 campaign, LUKOIL will also support supplies of disinfection equipment, thermal scanners, a medical vehicle and a computed tomography scanner, that will be installed as soon as the hospital has a room revamped for the equipment.

The company is currently running social and charitable anti-pandemic projects in twenty two regions of Russia. The total amount of support has exceeded 825 million rubles.
