LUKOIL FILLING STATIONS START PROVIDING FEE- AND ATM-FREE CASH WITHDRAWAL SERVICE

All LUKOIL filling stations that feature a convenience store now provide a*Cash with Your Purchase* service, which allows clients to withdraw cash right at the checkout without use of an ATM or any fees charged. Three main payment systems are supported: Visa, Mastercard, and Mir.

To withdraw cash, a client needs simply to tell the station operator the necessary sum before checking out their purchases. The sum should not exceed 5 thousand roubles and should be divisible by 100. The transaction itself is safely protected, as it needs to be confirmed by PIN-code. The service is free; no charge is taken by the filling station.

LUKOIL is constantly developing and improving quality of its client service. The *Cash with Your Purchase* mechanism is a new important step towards making financial services more accessible. It provides cardholders with an opportunity to withdraw cash without losing time in search of an ATM.
